

## BUGERA 6262-212 Infinium

Produttore : Bugera  
Cod.Art. : 10929

AMPLIFICATORE VALVOLARE 2x12" 2 CANALI  
120W

La struttura del Gain ed il carattere timbrico del 6262 e del 6262-212 si basano sugli stessi principi fondamentali del 6260, ma più medie frequenze li rendono perfetti per il rock ed il metal anni '80. Sono dotati di controlli EQ, Presence e Riverbero indipendente su entrambi i canali.

Caratteristiche  
principali

- Hand-built 120-Watt amplifier driven by 4 x 6L6 valves (convertible to EL34)
- 2 original 12" BUGERA guitar speakers optimized for tight low-end and modern-vintage mids
- 2-channel preamp design (Clean/Crunch, Lead) featuring 6 x 12AX7 valves for thick and screaming hi-gain
- Revolutionary INFINIUM Valve Life Multiplier technology: - Extends the life of your amplifier's expensive power valves up to 20 times. - Provides incredible reliability and consistent tone over the complete lifespan of your valves - No need for expensive matched valve sets - Allows you to mix and match any combination of compatible valve types and brands - Monitors performance of each power tube continuously and displays defective valves to allow for easy and individual replacement
- Integrated high-class reverb with dedicated Reverb control for each channel
- Independent Equalizer sections for each channel with dedicated Bass, Mid and Treble controls
- Classic Presence control per channel for efficient midrange sound shaping
- Heavy-duty footswitch for Channel selection and FX Loop function included
- Impedance switch (4, 8 and 16 Ohms) to match virtually any

Amplificatori per Chitarra > Combo per Chitarra Valvolari
