

## YAMAHA DGX 305

Produttore : Yamaha

Cod.Art. : 1099

### TASTIERA PORTATILE

The introduction of some remarkable novelties in Yamaha's new DGX

series will increase the fun in playing, creating and enjoying music of players throughout the world. In this regard as an example, the Floppy Disk Drives in the former models DGX-300 and DGX-500 have been replaced by Smart Media slots and all new models

feature USB-interfaces. Despite the fact that this marvellous new DGX-series feature more hightech novelties, the DGX-keyboards are still the ideal +61 key keyboards with a budget pricetag.

DGX-305 offers in all regards more than the DGX-205. It features 76 piano-type keys with touch response, the backlit LCD-screen is bigger, more voices, a Smart Media slot and possibilities to display Score and Lyrics for comprehensive learning. If you're looking for a piano-style keyboard which will keep you satisfied in your musical needs for a longer period of time, which has a supercool modern design and sounds surprisingly powerful, then make checking out the new DGX-305 at your local dealer your first priority!
