

YAMAHA DTX520K

Produttore : Yamaha

Cod.Art. : 11116

Batteria Elettronica

Utilizzando le pelli TCS, l'XP80 offre suoni di rullante, rimshot aperto e chiuso in ciascuna delle tre zone come un autentico rullante acustico. I piatti ride e crash dispongono dei suoni della campana, della parte centrale e del bordo e sono "chokabili". I suoni realistici del modulo DTX500 ti permettono di suonare al meglio.

Composizione del kit DTX
520K
