

YAMAHA DGX 205

Produttore : Yamaha

Cod.Art. : 1148

TASTIERA PORTATILE

The introduction of some remarkable novelties in Yamaha's new DGX

series will increase the fun in playing, creating and enjoying music of players throughout the world. In this regard as an example, the Floppy Disk Drives in the former models DGX-300 and DGX-500 have been replaced by Smart Media slots and all new models

feature USB-interfaces. Despite the fact that this marvellous new DGX-series feature more hightech novelties, the DGX-keyboards are still the ideal +61 key keyboards with a budget pricetag.

The DGX-205 is the entry level instrument of the new series.

Featuring 76 keys with touch respons, a stereo piano sample, a blend of 487 voices including Sweet! voices and Cool! Voices, 32 notes polyphony and an unbelievable number of 135 allstyle rhythms with 2 variations. The combination of 100 internal Songs, Interactive lessons with YAMAHA Education Suite, a USB-interface, the possibilities of the Smart Media storage device and Digital Music Notebook offer the best learning method to become the worlds

greatest keyboard/piano player. At your own paste, at your own level. Who needs a teacher if Yamaha provides you with one?
