

## BEHRINGER Europower PMH3000

Produttore : Behringer

Cod.Art. : 1295

### MIXER AMPLIFICATO

Designed for a multitude of applications, the PMX3000 is our mid-sized console-style powered mixer that arms you for anything from standard ensembles to full-blown multimedia events. It features 16 channels (8 mono + 4 stereo), plus stereo tape returns, two monitor paths and extremely flexible I/O options. The 2 x 400-Watt (800 Watts bridged mode) COOLAUDIO amplifier will easily

handle a large audience.

With our revolutionary COOLAUDIO amplifier technology you get enormous power, incredible sonic performance and super-light weight

delivered in an ultra-compact mixer that is nearly half the weight of conventional powered mixers.

Adding to the list of "big-mixer" features are: our awesome XPQ 3D surround sound effect, an integrated Voice Canceller which removes vocals for karaoke applications, a stereo 7-band graphic EQ with FBQ Feedback Detection, dual 12-segment LED output level meters and

faders for precise level control of mono, main 1 and monitor 1 & 2 buses. The integrated mono output can be used to feed an external subwoofer. Stereo power amp inserts and Phones/Ctrl R output with dedicated level control for headphones or powered monitors are also on board.

The PMX3000 features 8 balanced low-impedance mic inputs with state-of-the-art IMP "Invisible" Mic Preamps, low-cut filter and additional channel inserts plus balanced high-impedance line inputs for direct connection of line sources or high-output instruments. Its full-featured channel strips include input level trim controls, signal and clip LED indicators, dual monitor sends, FX sends, mute and PFL functions plus high-quality 60-mm logarithmic faders for exact level control. Mono channels also include low-cut filters, inserts for connecting external processors and A/B switching for selecting the ¼" TRS or RCA input connectors on channels 9 – 12. The dedicated CD/Tape input allows you to connect a line-level

## BEHRINGER Europower PMH3000

stereo source so you can play music during your breaks without having to change the fader positions and lose your mix. The super-rugged carrying handle makes it easy to transport while professional SPEAKON® connectors ensure outstanding performance and reliable connection.

### Caratteristiche
