COPPIA DI MONITOR ATTIVI DA STUDIO

The sound of the BX5 near-field monitors will amaze you. You get the same design criteria and component quality that goes into our larger BX8 studio reference monitors. The 5-inch low-frequency drivers and 1-inch high-frequency drivers accommodate a small cabinet design that allows placement just about anywhere. The Studiophile BX5s provide maximum flexibility for any monitoring situation—including surround sound. Add the Studiophile SBX subwoofer for more bass. Monitor near field da studio, bi-amplificati con 38W per i medio-bassi e 38W per gli acuti, woofer schermato da 5-1/4", tweeter schermato da 1", ingresso XLR e jack da 1/4" bilanciato/sbilanciato, sistema di regolazione dello spazio acustico, regolazione acuti, medi e volume, filtro taglia bassi inseribile, power on/off.
