
HANNABACH Corde Per Chitarra Classica 600 G3c G3 Carbon Set

No image

Produttore : Hannabach
Cod.Art. : 166151

The new 600 series combines the usual Hannabach quality with a reasonable price.

The combination of high-precision nylon for E1 and H/B2 and carbon for the G3 string offers the best tonal transition between the treble and the silver-plated and tarnish-resistant bass strings.

Nickel-free according to DIN EN 1811, complies with REACH Regulation (EC) No. 1907/2006.

Excellent tunability, clear, transparent sound.

Zip-lock bag, resealable, airtight and lightproof packaging (VE20).

No single string service!

Handmade in Germany.

600 MTG3C medium tension
