

## TASCAM FE8

**TASCAM**  
TEAC PROFESSIONAL

Cod.Art. : 2042

### MODULO DI ESPANSIONE A 8 CANALI

Co-designed by TASCAM and Frontier Design Group, the FE-8 adds an additional eight channels of control to the FW-1884. Through a simple FireWire connection, up to 128 DAW channels can be simultaneously controlled. The FE-8 is perfect for mixing big projects on a computer, whether it's a layered surround mix or a live recording when you need instant access to your mix.

### Caratteristiche

- Adds another eight channels of DAW control
- Eight 100mm touch-sensitive moving faders
- Eight rotary encoders
- Connects through FireWire
- Select, Solo and Mute buttons
- Record arm button and indicator

Prezzo : €775,00 IVA inclusa (€635,25 esclusa IVA)
