Cod.Art. : 232095

In response to demand for larger Hats, SABIAN craftsmen worked meticulously with the uncompromising Dave Weckl to add a set to the HHX Legacy line. The result? 15" HHX Legacy Hats deliver crisp stick articulation, solid pedal "chick", and warm, tonal colour. The HHX Legacy line represents the dark side of Weckl's sound, and with his reputation for sonic perfection, it's no surprise the 15" HHX Legacy Hats speak crisply and cleanly, but always with that simmering dark HHX tone.
