

SABIAN 20" Hhx Suspended

No image

Cod.Art. : 232413

SABIAN 20" HHX Suspended Cymbals are hammered from pure SABIAN B20 bronze. They are a popular choice with professional and collegiate ensembles, as well as discriminating high schools. The unique design and large-peen hammering of HHX Suspended Cymbals allows them to deliver quick response with dark, rich shimmer ? while offering enhanced projection. A 20" HHX Suspended Cymbal is a great choice for bands and orchestras who require a large suspended cymbal that can produce dark sound with quick response at loud volume As a 20" cymbal, it won't be as sensitive as smaller cymbals when played at softer dynamics. They are ideal when a dark sound with fast response is desired. As a series, HHX Suspended Cymbals produce dark tone that blossoms quickly. Only the Artisan series has a similar response time.
