Cod.Art. : 2348

MONITOR PASSIVO

The BEHRINGER EUROLIVE F1220 monitor speaker system is specially designed to provide the musician on stage with the same power and clarity that our EUROLIVE fullrange systems offer, ensuring first-class monitoring in any situation. With its custom-made high-power 12" woofer and 1" titanium HF driver, the F1220 delivers plenty of sound for a variety of applications. In addition, the system can be operated in passive fullrange or active bi-amping mode.
