

## BEHRINGER Eurolive F1520

Produttore : Behringer

Cod.Art. : 2349

### MONITOR PASSIVO

With its specially developed 15" woofer and 1" titanium HF driver, our EUROLIVE F1520 is a true power pack of a monitor that won't let

you down no matter how loud it gets on stage. And it retains its clarity even at extreme sound pressure levels, so that it will always do what it's supposed to: allow you to hear exactly what you and your band are doing. Nonetheless, the F1520's highly efficient components ensure that it will deliver at lower levels as well. Naturally, this EUROLIVE monitor speaker system also features optional fullrange or bi-amping mode.

### Caratteristiche

- 200 W (RMS)/400 W (pink noise), nominal impedance: 8 Ohms
- Extremely high sound pressure level (95 dB full space 1 W @ 1 m)
- 50 Hz - 18 kHz frequency response (-10 dB)
- Switchable bi-amping mode
- 1" titanium diaphragm for brilliant, natural high-frequency reproduction
- BEHRINGER CD horn technology for optimal wide-angle dispersion (90° x 40°)
- BEHRINGER HF driver protection
- Ultra-rugged carpet covering for efficient cabinet protection
- Recessed, ergonomically shaped die-cast handles
- Rugged steel grille plus acoustically transparent polyester foam for optimal speaker protection
- Two different cabinet angles
- Professional connectors compatible to Neutrik® Speakon® mounted on sturdy steel panel
- Cabinet constructed entirely of environmentally-friendly E1-MDF wood

Diffusori > Diffusori Passivi
