

ALTO PAM5A Casse biamplificate (coppia) 100 watt RMS

Cod.Art. : 2535

COPPIA DI CASSE BIAMPLIFICATE

The design of the PAM 5A is based on a large, heavy duty magnet and high power moving coil double woofer configuration, within injection moulded cabinets. The custom made 130mm woofers (built in our own factory) offer unprecedented dynamics and power handling for a cabinet of this size. The PAM-5A is suited to a very wide range of applications: From stage monitoring to surround to multimedia, as well as compact PA applications. Equipped with a 50+50 Watt RMS amplifier. Each section drives one of the two 130 mm. woofers per cabinet. The in-built amplifier is derived directly from our high-end Studio Monitor M Series, offering performance unmatched in its class. Equipped with a low noise microphone preamplifier as well as line input on a COMBO connector

Il prezzo è inteso per la coppia

Sistema composto da:

- 2 coni fullrange da 5"
- Potenza: 100W RMS (2 x 50W classe AB) / 200W di picco
- Risposta in frequenza: 75Hz - 16kHz @ +/- 10dB
- Max SPL: at 1mt 114dB; at 0.5mt 120dB
- Ingressi: MIC / LINE -45 / +4dB bilanciati con connettore combo
- CD player / Tape with RCA pin, LINE LINK XLR
- Controllo volume
- Alimentazione: 230V - 115V @ 50 - 60Hz
- Dimensioni: cm 31,5 (H) x 19,5 (W) x 19,5 (D)
