MIXER PASSIVO E SCHEDE AUDIO USB

MultiMix USB mixers are the most compact, affordable, high-quality mixers with built-in 28-bit digital effects and digital stereo inputs and outputs. The Alesis MultiMix USB Mixers are a new line of compact mixers featuring low noise analog electronics and 100 great-sounding 28-bit digital effects. Studio-quality components and effects processing combine with rock-solid construction. The MultiMix mixers also have USB audio, which allows direct computer audio interfacing for 16-bit simultaneous stereo input and output using standard recording software. MultiMix mixers are perfect for musicians and engineers needing a portable, flexible mixer with digital effects for sound reinforcement, rehearsals, studio recording, submixing, field recording, and digital audio/video computer workstation mixing.
