MIXER ATTIVO 8 CANALI

GigaMix series - offers incredible performance and value in powered PA mixers. Portable and rugged, each GigaMix includes 100 28-bit digital effects, 3-band active EQ on all input channels, high-pass "rumble filter" on main outputs, post-fader effects send and return for external effects, master tape send and return for recording and playback, and footswitch input for effects bypass. The GigaMix 4FX features 4 channels XLR mic and 1/4" line inputs plus two channels with stereo line inputs. There is a single 9-band graphic EQ and 200 Watts of power with mono main output. See also GigaMix 6FX and GigaMix 8FX.

Caratteristiche
