

BEHRINGER LX210 V-Ampire

Produttore : Behringer
Cod.Art. : 2683

AMPLIFICATORE PER CHITARRA

Think of this modeling amplifier as a set of two 10" BUGERA™ speakers coupled to our famed V-AMP PRO! This affordable solution

boasts all of the 32 classic amps, 15 legendary speaker cabinets and 16 studio-quality effects models-plus a 2 x 60-Watt amp driving two BUGERA™ 10" speakers. You get true stereo operation with either

internal or external loudspeakers. The 15 rear panel connectors allow comprehensive routing to suit virtually all applications-plus MIDI In & Out/Thru, and full MIDI implementation including program change commands, control change commands and SysEx, allowing extensive MIDI control using our free Windows® V-AMP Design editor

software. You also get a pre-DSP send/return for dry recording and wet monitoring. The V-AMPIRE features Interactive Amp Modeling, BEHRINGER's renowned auto wah and rotary effects plus DI output with ULTRA-G cabinet simulation. With 125 memory locations for storing your presets and a dual-footswitch, you have a truly gig-ready package!

Caratteristiche
