CASSA PASSIVA 400W CONO 12 POLLICI 8 OHM

The smaller of the two new PERFORMER Series twins, the unbelievably affordable E1220 utilizes the same advanced construction packaged in a more compact casing with a 12" long-excursion bass driver that provides deep bass and acoustic power. You get the same proprietary BEHRINGER 1" HF driver with professional wide dispersion horn with effective HF driver protection integrated. The result is truly impressive: an ultra-wide frequency range from 55 Hz to 20 kHz. Arrange the E1220s in a cluster or in stacks, mount them on a stand with a 35-mm pole socket, or use as floor monitor wedges. The entire EUROLIVE PERFORMER Series is ruggedly constructed to withstand years of road abuse, providing worry-free musical fun galore.
