TASTIERA/CONTROLLER MIDI + SCHEDA AUDIO USB

The U-CONTROL UMX49 is an ultra-compact master keyboard packed with superlatives: it features 49 full size, velocity-sensitive keys, 10 programmable MIDI controllers plus 8 user-set buttons. But we'll give you even more: 50 virtual instruments that allow you to rock straight out of the box. Hit the keys of a grand piano or take off with breathtaking synths, sound samplers etc. Download more free instruments from the dedicated download area. Plug and play your software instruments or MP3 tracks and run them straight into your sound system with the included USB/audio interface. Or simply record your stereo tracks on your Windows® or Mac® PC. Compose and record with Ableton® Live Lite 4 BEHRINGER Edition. It's the perfect solution that allows you to compose, record and remix your musical ideas. Jam with sounds or phrases and record your song on the fly. This is the ultimate "Studio in the Box" to play, jam, record, mix and even lift off - at an unbelievable price. But before you start, make sure you'll fill your fridge and pay your electricity bill. You might not leave your bedroom anymore.
