

FOCUSRITE Saffire LE

Focusrite®

Cod.Art. : 4352

INTERFACCIA AUDIO FIREWIRE

Six inputs and eight outputs (including stereo digital I/O) with comprehensive monitoring and i/o control options ensure the recording musician has plenty of options for tracking and monitoring high quality audio. Focusrite build and sound quality, intelligent front-end design and a one-click GUI solution combine to guarantee an intuitive and trouble-free professional recording experience. Although only the original Saffire has onboard DSP, the Saffire LE comes complete with the entire Saffire plug-in suite, offering highly acclaimed Compression, Reverb, Amp modeling and EQ

in VST and AU formats. Furthermore, Saffire LE is bundled with a host of other software titles and audio samples, all included on the accompanying resources dvd. As with the original Saffire, input and output levels and latency-free monitoring solutions can all be controlled via the accompanying SaffireControl LE software. This stylish application floats comfortably over any recording software, and can shrink in size to suit a number of different recording scenarios. Together with expertly designed analogue inputs and unrivalled digital conversion, Saffire LE is the perfect solution for discerning recording musicians on a budget.

Caratteristiche
