

E-MU 0202 USB

Produttore : E-MU

Cod.Art. : 4445

SCHEDA AUDIO PROFESSIONALE USB

Interfaccia audio USB - Preamplificatore in classe A per mic/line/hi-Z con gain di 60dB - 2 output 1/4" - Output stereo speaker da 1/8" - Headphone stereo output - Alimentazione USB - Nuovo Software bundle con Cakewalk Sonar LE, Steinberg Cubase LE, WaveLab lite, Ableton Live 4 per E-MU, IK Multimedia Amplitube LE, Minnetonka diskWelder Bronze (trial-version), SFX Machine LT, E-MU Proteus X2 LE

I/O Configuration::

- Class-A Ultra-low Noise Mic/Hi-Z/Line Preamp XLR, 1/4" TRS and 1/8"* Inputs (113dB SNR)
- Class-A Hi-Z/Line Preamp 1/4" Input (113dB SNR)
- Two 1/4" Outputs (112dB SNR)
- 1/8" Stereo Speaker Output (112dB SNR)
- Stereo Headphone Output (108dB SNR)

Caratteristiche

- Sample Rates: 44.1, 48, 88.2, 96, 176.4, 192kHz from internal crystal (no sample rate conversion)
- Bit Depth: 24-bit I/O, 32-bit processing
- USB 2.0 Hi-Speed
- Funziona anche con USB 1.1 ma in registrazione e playback le performance massime si riducono a 16bit e 44.1/48kHz
- Full 24-bit resolution at all sample rates
- Stereo in, stereo out at all sample rates
- Zero-latency direct hardware monitoring (disabled at 176.4-192kHz)
- ASIO2 and WDM drivers
- Anti-Pop speaker protection minimizes noise during power on/off

E-MU 0202 USB

- Ultra-low jitter clock subsystem: < 100ps RMS
- Software in bundle: Sonar LE, Cubase LE, Live Lite 4, Wavelab Lite, Amplitube LE, SFX Machine LT, Proteus VX.

Compatibilità

- Windows® XP
- Mac OS X 10.4.3 o superiori

Prezzo : €115,00 IVA inclusa (€94,26 esclusa IVA)
