

BEHRINGER EG8080 Eurogrand - Pianoforte Digitale a Codino

Produttore : Behringer
Cod.Art. : 4607

PIANOFORTE DIGITALE A CODA

When we started the EUROGRAND project, we invited concert pianists, church musicians and piano teachers to give us input on their digital dream piano. They came up with a wish list that appeared just about impossible to achieve: They wanted a digital piano to rival the sound of the finest acoustic piano. It should incorporate an 88-key, weighted hammer-action keyboard that provides the touch and feel of a concert grand. Far from done with their requests, they also asked for 14 authentic instrument sounds, 80 Watts of stereo power and a 2-track sequencer for rehearsals. All built into a hand-polished wood cabinet with black lacquer finish. Impossible? We did it. After 2 years of hard work, those musicians have approved our masterpiece. While there are no strings attached, the EUROGRAND sounds and feels like real. And music to your ears: It has a price that everyone can afford.

Caratteristiche

- The ultimate digital grand piano for homes, music schools, houses of worship, etc. No traditional tuning or maintenance needed
- Beautifully hand-polished (3.3') wood cabinet with black lacquer finish
- 88-note weighted hammer-action keyboard accurately recreates the feel of an acoustic grand piano
- High-grade 80-Watt speakers and cabinetry deliver a truly dynamic sound, rich with presence and power
- New stereo sampling RSM (Real Sound Modeling) tone generation for the ultimate in instrument realism
- 14 high-quality voices (Grand Piano, Acoustic Piano, E-Piano, Strings, Harpsichord, Organ, etc.) with max. 64-note polyphony

BEHRINGER EG8080 Eurogrand - Pianoforte Digitale a Codino

- Layer mode for playing 2 sounds together
- High-quality reverb, modulation and brilliance effects to add even more depth and richness
- Real-time 2-track song recorder with one song capacity and metronome
- 3 pedals (Damper, Sostenuto and Soft) for more dynamic playing
- Comprehensive MIDI In/Out/Thru and stereo line in/out connectors
- Dual headphone jacks for silent music rehearsal and student/tutor listening
