Fender®

Cod.Art. : 5120

### BASSO ELETTRICO 4 CORDE

On its early '60s introduction, the Fender Jazz Bass guitar immediately endeared itself to the music world, quickly becoming another Fender design classic and an indispensable element in the arsenal of many a bassist worldwide. Our lean-and-mean Standard Jazz Bass incorporates many of the original model's classic Fender "firsts," such as the offset waist and ultra-slim fast-action neck. It's updated here with two bi-pole pickups and American Jazz Bass knobs, giving you the best of both worlds and eras—some vintage vibe and appointments with some modern refinements.
