

## Compact Flash da 2 Gb

Produttore :  
Cod.Art. : 5230

### SCHEDA DI MEMORIA DA 2 GIGABYTE

The A-DATA Super Industrial Compact Flash Card is a universal low cost data storage and communication media. It can work under the severe environment. It consists of a good compatible and high performance controller with advanced file management and wear-leverage technology to increase the transfer rate and life cycle of this solution. It also provides Error Correcting Code (ECC) function to detect and correct errors automatically. With In System Programming (ISP) function, it is very easy to load the up-to-date firmware and to solve most of the compatibility issue for new devices.

### Caratteristiche

- Wide range of Operating Temperatures(-40°C ~ 85°C)
- Conforms to Compact Flash Card specification standard
- Fully compatible with PC Card ATA specification
- Support for 8-bit or 16-bit host data transfers
- Support PIO mode 4
- Support Error Correcting Code (ECC) function to detect and correct errors.
- Support In System Programming (ISP) function to load the firmware.
- Supports power down commands and sleep mode
- Support Wear Leverage function to maximize data endurance.
- Non-volatile storage&#65288;no battery required&#65289;
- +5 Volts or +3.3 Volts operation.
- MTBF > 1,000,000 hours
- Durability&#65306;Minimum 10,000 insertion/removal cycles
- Low weight
- Noiseless
