

BEHRINGER BCF2000WH B-Control Fader White Controller MIDI

Produttore : Behringer
Cod.Art. : 5635

CONTROLLER MIDI CON FADER MOTORIZZATI

The B-CONTROL FADER BCF2000-WH controller lets you be in full command of your music production software. The console's USB connectivity enables control of all the audio software parameters on your computer and fits nicely into any studio environment or live electronic setup. The BCF2000-WH has a flashy new look that'll captivate you. But don't judge this sleek piece of gear simply by its appearance. Its innovative console boasts ultra-precise 100-mm motorized faders and endless encoders for the ultimate in control—recall and fader automation that you just can't achieve with a mouse. Assign knobs, faders and keys to your most frequently used functions without requiring another controller. Further features are USB compatibility, full MIDI In/Out/Thru capability and 8 rotary encoders, each with a 15-segment LED indicator plus a push-to-set function that lets you select, adjust, set and control a myriad of functions.

Caratteristiche

- Unique, total recall cascadable desktop MIDI controller with analog feel and an intuitive user interface
- 8 ultra-precise 100-mm motorized faders for ultimate control of virtual mixers, organ-drawbars (inverse mode) or virtual synths and samplers
- 4 virtual groups with 8 dual-mode, high-resolution encoders that feature LED rings and an additional push function
- 16 + 4 illuminated buttons freely assignable to all types of MIDI functions from note on/off, control change and program change to MMC and system exclusive data
- All panel elements freely assignable—manually or via user-friendly learn mode
- Additional multi-function foot switch and foot controller connectors can be used to address all types of MIDI data
- 32 user presets each with 4 encoder groups
