

## TASCAM US1641 Interfaccia audio 16 canali USB 2.0

**TASCAM**  
TEAC PROFESSIONAL

Cod.Art. : 5812

### INTERFACCIA AUDIO USB

The US-1641 is a single-rackspace USB 2.0 Audio/MIDI interface packed with I/O: 16 inputs and four outputs can be used simultaneously, making it ideal for live performance recording. The US-1641 has eight studio-quality microphone inputs with phantom power and level indicators, two line/instrument switchable inputs on the front, four additional balanced line inputs on the rear, four line-level outputs, digital SPDIF I/O (output switchable to AES/EBU), independent monitor and headphone outputs with separate level controls and 16 channels of MIDI I/O. It offers zero-latency hardware monitoring and sampling rates up to 96kHz at 24-bit resolution. Cubase LE4 and TASCAM's own Continuous Velocity Piano are supplied as standard.

### Caratteristiche

- USB audio interface with 16 inputs and 4 outputs
- 8 mic/line inputs with phantom power and level indicators on front panel
- Two 6.3-mm balanced line/instrument inputs on front
- Four more balanced line inputs on rear panel
- Four line outputs
- Separate stereo 6.3-mm monitor output
- Stereo digital I/O (input: SPDIF, output: switchable between SPDIF and AES/EBU)
- Analogue and digital inputs can be used simultaneously
- 16-channel MIDI I/O
- Separate monitor and headphone level controls
- Zero-latency hardware monitoring

## TASCAM US1641 Interfaccia audio 16 canali USB 2.0

- USB 2.0 interface
- Up to 96 kHz sampling rate at 24-bit resolution without reducing the number of inputs
- Supports Windows XP, Windows Vista 32 and Mac OS X (10.4 and higher)
- Supports Intel Mac
- Includes Steinberg Cubase LE 4 (Mac/PC)
- Includes Tascam Continuous Velocity Piano (PC)
- 1-U rackmount chassis
