

VESTAX VCM100

Cod.Art. : 6307

CONTROLLER MIDI USB E SCHEDE AUDIO

The VCM100 is a compact USB MIDI & audio system designed with Vestax's mechatronics technology developed in the past 30 years. Despite its compact size the VCM100 comes with 4 In 4 Out (Stereo x 2 in/out) connection headphone output and high quality mechanical parts placed in the control section. Having every feature fitted in to a solid metal body smaller than a standard laptop the VCM100 is easy to use and transportation friendly which makes it the simple all-in-one USB audio interface that all PRO's want.

Caratteristiche principali

- 60 parameters of various software are assignable to the VCM-100's control section via USB MIDI IN/OUT.
 - The DATA SEND LED provides clear visual of the current status to assist in an authentic play mode in real time.
 - Monaural 4 in/ Stereo 2 out (Master out L.R, Monitor/Booth out L.R), Headphone output. The VMC-100 provides a high definition sound, thanks to the audio codec IC designed with a built-in hardware sample rate converter, delta-sigma conversion 20bit stereo D/A converter and 18bit stereo A/D converter.
 - Support for ASIO 2.0, CoreAudio and MME / WDM, MAYA44 USB is compatible to all major music and DJ and DAW applications.
 - ESI(Ego systems Inc) designed ASIO driver applied for its proven high reliability.DAW application software and DJ application software work with the driver at a valiant low latency rate and high performance. (Windows will identify the VCM-100 as a 2in2out USB audio device when using the standard Windows WDM driver.
- Use

VESTAX VCM100

the ASIO driver when using multi input/output with DTM application software.)

- The VCM-100 provides simple plug & play features working with Apple and Windows computers.
- The power source is selectable from USB bus-power and the exclusive power adaptor(not included). (For best performance and stable operation, please use the power adaptor if the computer's power capacity is low or if using a USB hub)
- There are no issues if you don't have any software to operate. TRAKTOR LE (Native Instrument Inc.) is bundled to the VCM-100 with exclusive control assignment files.
- Compatible with all software that allows MIDI control assignment. 3 versions of firmware can be selected to have the best match with the software. Each software's samples of MIDI control assignment files will be available at www.vestax.com soon.
- The compact metal body is thin but highly durable, and convenient for transportation

Requisiti minimi di
sistema
Windows

- Requires Windows XP Service Pack 2. Does not support Windows 2000/98/Me (NOTE: DO NOT connect to a Windows 2000 Professional PC.

The display will turn blue screen and the computer will freeze.)

- CPU: Pentium III 500 MHz (Advanced CPU required for laptops)

- Memory: 256MB RAM

- USB 1.0/2.0 Interface

Macintosh

- Supports Mac OS X 10.3.9 / 10.4.7. Does not support previous system versions.

- Multi client environments that operate the VCM-100 with more than 1 software are not supported.

- CPU: Macintosh G3 600/G4 667MHz (Advanced CPU required for laptops)

- Memory: 256MB RAM

- USB 1.0/2.0 Interface
