INTERFACCIA AUDIO FIREWIRE

Inspiration is a gift that can come to you anywhere and at anytime. As an artist you need to be prepared. And, you need a collaborator to help you capture it with ease and without compromise... Meet Duet. Duet is a portable audio interface that features the amazing sound quality that made Apogee Electronics famous. With control functions built directly into Apple's Logic Pro, Soundtrack Pro and GarageBand software, Duet empowers you to create professional recordings effortlessly. With Duet, you can plug in guitars, keyboards and microphones and record your music, or simply experience how much better your favorite tracks in iTunes sound. Duet is compact and powered by FireWire, so you can pack up your studio and go anywhere your music takes you.
