BUNDLE DI PLUG-IN

Attention guitar gear junkies!! IK's new Total Guitar & Bass Gear Bundle delivers the ultimate collection of famous, collectible guitar and bass gear. Mix and match from a massive selection of gear models, inside a single interface! Choose from a dream collection of models based* on classic amplifiers, from a 1950's Supro® combo, '60s collectibles like a Marshall® Super Lead 100 and '66 Fender® Bassman®, 70's essentials like the Vox® AC-30 and Marshall® 1959 mkII, 90's classics like the Marshall® JCM 900 and Mesa/Boogie® Dual Rectifier®, to modern high-gain classics like the Peavey® 5150™ and Randall® Warhead, along with a dream collection of licensed Ampeg® bass gear, and more! Add rare, hard-to-find stompbox models based* on the Arbiter® FuzzFace, UniVox® Univibe, Vox® V486 wah, Ibanez® TubeScreamer, MXR® Flanger 117, Phaser 90 and DynaComp, ProCo Ratt and ElectroHarmonix® Big Muff Pi and Memory Man, and dozens more, along with an amazing selection of mics and rack FX.
