CASSA ATTIVA 400 WATT

The EUROLIVE B312A loudspeaker stands out from the crowd, in a world where many PA systems are big and heavy. Through an efficient design concept, the B312A speaker translates 400 Watts of power into massive punch and articulate sound. This respected member of the EUROLIVE family is a high-power, 2-way lightweight PA active speaker solution which delivers superb sound even at extreme levels. It boasts an integrated sound processor for ultimate system control and reliable speaker protection, and consists of a 12" long-excursion driver and 1.75" titanium-diaphragm compression driver. In addition, you get an Ultra-Low Noise (ULN) Mic/Line input with Volume control plus dedicated 2-band EQ.

Caratteristiche

- High-power 400-Watt 2-way PA sound reinforcement speaker system for live and playback applications
- Ultra-compact lightweight system delivers excellent sound even at extreme sound pressure levels
- Integrated sound processor for ultimate system control and speaker protection
- Extremely powerful 12" long-excursion driver provides incredibly deep bass and acoustic power
- State-of-the-art 1.75" titanium-diaphragm compression driver for exceptional high-frequency reproduction
- Ultra-wide dispersion and large format exponential/conical horn with multi-cell aperture throat
- Ultra-low noise Mic/Line input with Volume control and Clip LED
- Dedicated 2-band EQ for perfect sound adjustment
- Additional Line output allows linking of additional speaker systems
- Versatile trapezoidal enclosure design allows different positioning:

BEHRINGER B312A Eurolive

- Stand mounting with 35-mm pole socket
- Tilts on its side for use as a floor monitor
- Ergonomically shaped handles for easy carrying and setup
