SOFTWARE UPGRADE

SONAR Home Studio 7 is the easiest way to turn your PC into a full-fledged music production studio. From start to finish, SONAR Home Studio 7 will help you capture your creativity and share it with the world. With SONAR Home Studio 7 you can record live instruments, vocals, or any audio source. You can easily edit audio, MIDI, and music notation. The updated Loop Explorer gives you the tools to build backing tracks faster than ever. Add real instrument sounds using the included virtual instruments suite. Bring your mix together with studio-quality audio effects and professional mixing tools. When you are finished, share your music on the web or burn it to CD for fans, friends, and family. SONAR Home Studio 7 is the complete solution for creating and sharing professional quality music--now easier than ever. SONAR Home Studio

7 XL adds more value by giving you the tools you need to take your productions to the next level. Enhanced features include Cakewalk's acclaimed Step Sequencer, Studio Devil VGA+ Guitar Amp Simulator, Cakewalk Studio Instruments backing band, and Cakewalk Audio Creator LE featuring the Editor and Burner Modules.
