SCHEDA AUDIO ESTERNA USB

The new Firefly 302 USB Portable USB interface from Phonic is an easy-to-use, high-quality interface for songwriters and musicians to record guitars, keyboards, vocals and more to the computer. Featured are 3 analog (XLR, 1/4" and RCA) inputs and 2 analog outputs, which are streamed to and from the computer in real time through the 24-bit/192 kHz USB 2.0 connection. Compatible with the most popular of Digital Audio Workstation software, this compact, DC-powered unit is small enough to go anywhere you want to take your music. Both simple and compact, the Firefly 302 USB is the most convenient audio interface you will find.
