

AKG WMS40 Single Vocal

Produttore : AKG Acoustics
Cod.Art. : 8054

RADIOMICROFONO PALMARE

Unique HDAP (High Definition Audio Performance) technology ensures the best possible, realistic sound at any time. The rugged handheld transmitter with its soft-touch finish is extremely easy to use and fulfills the highest esthetic requirements. The transmitters operate for 30 hours off a single AA size battery, saving frequent battery replacements and thus money. If you need two transmitters, consider the cost efficient Dual Set systems.

Caratteristiche Microfono

- High Definition Audio Performance technology ensures the legendary, realistic AKG sound and perfect audio transmission.
- Transmitter operates in UHF frequencies for at least 30 hours off a single AA size battery, saving cost, maximizing dependability, and minimizing onstage stress.
- Miniature transmitter
- Single-battery powering
- Multichannel capability for simultaneous use of up to seven channels (maximum number of channel depends on local frequency plans).

Caratteristiche Ricevitore

- Single fixed frequency
- All-metal case
- Multichannel capability for simultaneous use of up to seven channels (maximum number of channel depends on local frequency plans).
- High Definition Audio Performance technology ensures the legendary, realistic AKG sound and perfect audio
