

BEHRINGER EPX2000 Finale di Potenza

Produttore : Behringer

Cod.Art. : 8076

FINALE DI POTENZA 2 X 650 WATT

Power amps have always been heavy, mainly because of the massive transformers and heat sinks. Our new EPX Series amps are based on groundbreaking switch-mode technology which eliminates the heavy transformer. As a result, the amp weighs around 40% less - in fact the EPX2000 is just 22 lbs./10.10 kg, and you can lift it up almost with one finger. Best of all our super-reliable switch-mode power supply provides an even tighter bass performance as it can deliver ultra-high peak currents.

Caratteristiche

- 2 x 1000 Watts into 2 Ohms; 2 x 650 Watts into 4 Ohms; 2000 Watts into 4 Ohms (bridge mode)
- ATR (Accelerated Transient Response) technology for ultimate punch and clarity
- Ultra-light, ultra-low noise and ultra-efficient switch-mode power supply for noise-free audio, superior transient response and low power consumption
- Switchable limiters offer maximum output level with reliable overload protection
- Detented gain controls for precise setting and matching of sensitivity
- Precise Power, Signal and Clip LEDs to monitor performance
- XLR, 1/4" TRS and RCA input connectors for compatibility with any source
- Professional speaker connectors and "touch-proof" binding posts support most speaker wiring systems
- Built-in Subwoofer/Satellite crossover for more flexibility
- Independent DC and thermal overload protection on each channel automatically protects amplifier and speakers without

BEHRINGER EPX2000 Finale di Potenza

shutting down the show

- "Back-to-front" ventilation system including air filter for reliable operation

- "Built-like-a-tank", impact-resistant, all-steel 2U rackmount chassis

- High-quality components and exceptionally rugged construction ensure long life
