AMPLIFICATORE VALVOLARE 5 WATT PER CHITARRA

Un divertente tributo ad uno storico amplificatore Fender. Il nuovo Champion 600 è un amplificatore valvolare da 5 watt con cono da 6" e look 1950 "two-tone". Abbiamo aggiunto un preamp dalla circuitazione high-gain per consentire una più facile saturazione, e il doppio ingresso hi e low gain per poter scegliere tra la circuitazione tradizionale e quella moderna. L'ingresso speaker consente di collegare una cassa più grande.

Caratteristiche principali General:

- Series:Vintage Modified Amps
- Amplifier Type:Tube
- Color(s):Two Tone

Electronics:

- Inputs:Two (Instrument and Microphone)
- Extension Speaker Jack:External Speaker Output
- Channels:One channel
